

PUPPENTHEATER ZWICKAU, is looking for new applications
for a permanent full-time commitment,

for the position of

Event technician (m/f/d)

Puppentheater Zwickau is a professional theatre for children, young people and adults. With its 70-year tradition, it is an integral part of the cultural offerings in Zwickau and the surrounding area and boasts a high number of visitors. We develop 4 to 5 new productions per season, with diverse forms of staging implemented artistically and aesthetically.

In addition to contemporary puppet theatre, we stand for innovative paths and venture into new projects, such as 360° Virtual Puppetry. www.virtual-puppetry.de
The Zwickau Puppet Theatre is looking forward to various events in 2023, such as international festivals, to which it was invited with selected pieces, as well as working with guest directors including, among others: Zero en Conducta (ES) and Agnieszka Błaszczak (PL).

Further information is available at www.puppentheater-zwickau.de.

Responsibilities include:

- Planning of events in technical areas in and outside the house
- Accompanying the productions and events in the field of sound and lighting technology both in-house and in guest venues
- Operation and service of the sound, light and video equipment of the venue(s), technical supervision of the venue(s) during rehearsals
- Independent implementation of necessary sound checks in the venue(s)
- Setting up and dismantling mobile hardware as well as props and stage equipment in the venue(s)
- Maintenance and care of the sound and lighting equipment handed over
- Requests for quotations for technical equipment and consumables (such as batteries, gaffer tape etc.) and ordering replacements and consumables in cooperation with supervisors
- Cooperation, coordination and mutual support in technical parts
- Reinstallation and carrying out minor repairs
- Event security, stage construction, seating, etc.
- Documentation of new productions

We are looking for a technician with:

- Experience as a mixer in the performance business (especially theatre and show)
- Completed training as a specialist in event technology or equivalent experience in event technology with theatre experience
- Good knowledge of digital and analog audio technology
- Good knowledge of common audio engineering software
- Good knowledge and experience in lighting technology and good knowledge of modern light control systems (ETC)
- Experience in audio and lighting programming (SCS)

- Independent and accurate work
- Basic knowledge of planning software (Vectorworks)
- Good social skills: open and communicative demeanor
- Resilience, flexibility and ability to work in a team
- Strong communication skills, problem-solving skills, organizational skills
- Driving license class B (BE desirable)
- Knowledge of video technology desirable
- Some knowledge of German or willing to learn
- Desire to participate in artistic creation processes and independent thinking about its implementation

We offer:

- A small, familiar and international team
- Mixed age structure
- We plan regular training and festival visits to gain new impressions
- Modern technology
- Cooperation with international directing teams

.....

The average working time is 40 hours / week.
 We offer a varied duty with great freedom of design and opportunities for further development. If you are interested in filling this central position in our team, please submit an application **by June 30, 2023**.
